**\*\* STAFF REPORT \*\***

**PROJECT DESCRIPTION**

This is a request for a Variance to allow 15 parking spaces where 17 are required and 60% of the required on-site parking to be compact parking spaces where 30% is the maximum allowed for a proposed office development at 2511 West Charleston Boulevard. Associated requests have also been submitted for a Variance (VAR-35758) for lot coverage and a Site Development Plan Review (SDR-35757) for a proposed 4,999 square foot office with Waivers of the Title 19.12.040 Perimeter Landscape Buffer Standards.

Staff cannot support this Variance request, as the applicant has not provided compelling evidence of a unique or extraordinary circumstance, and has created a self-imposed hardship by proposing to overbuild the site; therefore, staff is recommending denial of this request. If this application is denied, associated requests for a Variance (VAR-35758) and Site Development Plan Review (SDR-35757) must also be denied, and the site will remain as it is.

**ISSUES**

- Approval of this Variance request is required to approve associated requests for a Variance (VAR-35758) for increased lot coverage and a Site Development Plan Review (SDR-35757) for a proposed 4,999 square foot office with Waivers of the Title 19.12.040 Perimeter Landscape Buffer Standards.

## ANALYSIS

The parking provided on this site is inadequate to meet the needs of the proposed development, as required by Title 19.04. Alternative site design or a project of smaller scope would alleviate the need for this Variance; therefore, staff is recommending denial of the request as the applicant has created a self-imposed hardship by proposing to overbuild the site

## FINDINGS

In accordance with the provisions of Title 19.18.070(B), Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.”

**VAR-35760 - Staff Report Page Four**  
**October 8, 2009 - Planning Commission Meeting**

Additionally, Title 19.18.070L states:

“Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.”

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship. Alternative development of the site with a reduced building footprint or alternate site configuration would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site’s physical characteristics, it is concluded that the applicant’s hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
